Education

BVRIT Hyderabad College of Engineering for Women
Bachelor of Technology – Computer Science and Engineering 2024-2028
CGPA: 8.28 **TSRJC**

Intermediate Education 2022 – 2024
Marks: 968 **ZPHS**

Secondary School Education 2020 – 2021
Percentage: 93%

Projects

Smart Faculty Scheduler App Jan 2025 – Apr 2025

- Developed a faculty scheduling application to automate timetable management.
- Created modules for faculty allocation and timetable generation.
- Improved scheduling efficiency through an easy-to-use interface.
- **Tech Stack:** Java

Simple Calculator Mar 2024

- Developed a desktop calculator application using Java.
- Implemented arithmetic operations with proper input validation.
- Applied object-oriented programming concepts for clean code.
- **Tech Stack:** Java

Skills Summary

Programming Language: Java **Core Subjects:** Data Structures, Operating Systems, Database Management Systems, Computer Networks **Tools:** VS Code **Soft Skills:** Problem Solving, Teamwork, Communication, Time Management

Certifications

- **Deloitte Data Analytics Virtual Experience Program**
- **Infosys Artificial Intelligence Certification**
- **CodeChef Java Certification**
- **CodeChef Data Structures Certification**

Coding Profiles

- Practicing Java and Data Structures regularly.
- Learning Spring Boot and Full Stack Development.
- Interested in Software Development and Problem Solving.

Achievements

- Maintained a CGPA of 8.28 in B.Tech Computer Science.
- Successfully completed industry-recognized virtual experience programs.
- Consistently improving problem-solving skills through coding practice.

Hackathons

- Participated in internal college coding and technical events.
- Worked collaboratively on academic software development projects.
